

AVIVO™ BAR TABLE

PRODUCT DATA

AVIVO™ BAR TABLE

PRODUCT DATA

Avivo Tables bring a distinctly F+S point of view to café seating. Tables in three sizes have frames of beautifully detailed aluminum with a powdercoat finish. Top options include powdercoated aluminum with or without perforations; VividGlass; and FSC® 100% Cumaru hardwood slats. Blending modern aesthetics with versatile design options, the Avivo family includes chairs, bar stools, and tables in a variety of sizes and styles and is at home indoors and out.

MATERIAL & CONSTRUCTION DETAILS

INSTALLATION & MAINTENANCE

<p>TABLE FRAME</p> <ul style="list-style-type: none"> Extruded aluminum table frame supported by cast aluminum legs; frame and legs have a powdercoat finish. Frame includes an integral foot support. See Forms+Surfaces Powdercoat Chart for details. Custom RAL colors are available for an upcharge. All Forms+Surfaces powdercoat colors have been formulated to be ultra-durable for improved long-term wear and resistance to weathering. Our powdercoat colors are also anti-graffiti, allowing marks from paint, permanent markers, and dirt to be easily removed. Due to the inherent nature of metal castings, gloss powdercoats are not offered for cast components. 	<p>UMBRELLA HOLE</p> <ul style="list-style-type: none"> Table tops may be specified with or without a center hole to receive a 1.5" (38 mm) - 1.75" (44.5 mm) diameter umbrella pole. When an umbrella hole is specified, a nylon collar and cap are included. <p>TABLE TOP INSET OPTIONS</p> <ul style="list-style-type: none"> Table top is 30x90" with three 30x30" insets. Aluminum insets are available with or without perforation and will be powdercoated to match the frame. FSC® 100% Cumaru hardwood slats have a natural oiled finish that enhances the wood's rich color (FSC License Code: FSC-C004453). Glass insets are available in ViviGraphix Graphica laminated glass in Shift pattern or can be customized using our vast VividGlass line. All glass insets are tempered. 	<p>INSTALLATION</p> <ul style="list-style-type: none"> Tables can be freestanding with nylon leveling feet or surface mounted. Stainless steel mounting hardware sold separately. <p>MAINTENANCE</p> <ul style="list-style-type: none"> Metal surfaces can be cleaned as needed using a soft cloth or brush with warm water and a mild detergent. Avoid abrasive cleaners. FSC® 100% Cumaru hardwood slats can be maintained by re-oiling as needed Penofin® hardwood finish or similar products. Avoid abrasive cleaners and spray polishes. VividGlass surfaces can be maintained using standard commercial, non-streaking cleaners and polishes formulated for use on glass.
