	US10B	Oil-Rubbed Bronze	

MOUNTING OPTIONS

Orion Door Pulls are installed using Mounting System "B" as shown below. To ensure a secure installation, a thread-locking adhesive such as Loctite® is recommended. For more information, refer to the Door Pull Installation Manual on our website.

MOUNTING SYSTEM "B"

B1	B2	B3	B4*	B5	B6
Single mount	Single mount	Concealed single mount	Concealed single mount	Back-to-back mount	Back-to-back mount
Solid wood core or hollow metal door with through bolt.	Tempered glass, solid wood core or hollow metal door with end cap purchased separately.	Hollow metal door with Rota-Lok and customer's reinforcement.	Solid wood core door with threaded insert and Rota-Lok.	Solid wood core or hollow metal door with Rota-Lok.	Tempered glass door with Rota-Lok.

"L" CONFIGURATION

	<p>Comprised of two door pulls, one end of each pull is mounted back-to-back, while the remaining ends are single-mounted. Mounting options are dependent on the door type and door pulls being utilized.</p> <p>For additional information, refer to the Door Pull Mounting Options guide or Door Pull Installation Manual on our website.</p>
--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

*Forms+Surfaces offers but does not recommend concealed mounting on wood doors. Frequent or heavy use can compromise the integrity of this mounting.

HOW TO SPECIFY

Provide model number, quantity, metal and finish for each element (including grip and standoff), mounting option, and door material and thickness. Refer to the standalone Door Hardware Price List on our website for list pricing.
